1st Cologne-Juniorcup 2017

Hello,

Welcome to the Cologne-Juniorcup 2017.

This is our first year as the new Cologne Squash Tournament with a team of organizer, director and centre team. And we are excited that we are able welcome this year over 400 players from all over the world. Let us all make this a fair, peaceful and happy tournament.

Seeding

Seeding has been carried out using the ESF Junior Rankings valid at the closing date and in accordance with the ESF Junior Circuit Guidelines section D.

Any non-European players without an ESF Junior Ranking will be seeded by the Tournament Director. The seeding and schedules had been published on <https://nrw.dsquv.de/colognejuniorcup> on July 2nd as announced.

Matches

All matches will be played as best of five games with PAR 11 scoring to 2 clear points. All players are guaranteed a minimum of three scheduled matches. All positions in each of the categories will be played out.

Referees

Well tried and proven in previous tournaments the winner and the loser of the previous match both will have to referee the next match in their court together. They will have to take two sheets – the referee sheet and the score sheet. The score sheet must be tied up at the glass back wall of the court, the result must be filled in and the sheet must be brought back to the tournament desk after the match is completed. We will also have tournament team members circulating so that referee and score sheet are already at each court before the previous match ends.

Eye Protection

May we remind you that it is mandatory for approved eye protection to be worn at all times during competition play, including the knock-up, at this event. Players will not be

allowed to start their match without approved eye protection.

Alcohol Regulation!

We decided also to maintain our strict alcohol policy. Therefore please have in mind: Any alcohol is prohibited for the athletes at the tournament during the days in the centres and dressing rooms as well as in all tents / campers and in non-adult player's hotel rooms It is strictly forbidden to bring any alcohol from outside into the centre. The coaches are responsible that all players accord to this new regulation. We will therefore have no player's party at this tournament.

Attention: Players which did not respect this rule will be banned from the tournament and their names will be reported to the ESF.

Special thanks

This tournament was set up by a complete new organizing team. We all will do our best to make this tournament as exciting and professional as possible. If there is anything wrong or challenging please let us know so that we can fix or improve it to make it better. My biggest thank you to those people who did all the organizational work in advance: Wilma, Barbara, Christian W, Christian Z, Michael, Niklas, Udo D., and last but not least Karin and Wolfgang from the ACR".

I'm convinced: Without you we wouldn't have been able to do this tournament!

Dear players, coaches, parents please when you meet any of these people or perhaps better before you leave from Cologne say thanks you to them as well.

And now "WELCOME" to the Cologne Juniorcup 2017! Welcome to a fair and professional tournament.

And most important, let's have fun!

LET'S HAVE SQUASH!

Your

Udo Thäsler

Tournament Director

Location

The fastest sport in the world is of course one of the central and dominant activities in our Center. On 15 squash courts with excellent and state-of-the-art boarding and optimal illumination and lightening you can chase the small quick ball as quickly as you can.

This is supported by a special sprung floor which had already astonished and excited international players as well as visitors and coaches, i.e. several international national junior teams and international top players at the ACR Open. It minimizes the risk of having an injury in the court. Therefore Squash becomes not a risky or threat for your health but an enjoyable sports activity in all areas, at least also because the sauna is already included if you book your court hours.

Interested newcomers can borrow high performance rackets. Courses for each age and level and an own squash team in house complete the picture. The squash school offers an excellent possibility beside of improvement of technique and tactics also to meet with new sport partners. And our special trainer lessons give you the real chance to improve quickly.
